

The Mechanism of initiating the procedures to push companies not to repeat violations

Tadweer's Licensing department mechanisms relies on laws, regulations and legislations that will regulate the sector and guide customers to approved operations while conducting activities related to waste transport and waste management in the Emirate of Abu Dhabi.

Based on the legal references and the decision of the Executive Council, regulations and legislation applicable at The Center of Waste Management Abu Dhabi, this mechanism has been prepared to initiate and apply severe penalties for repeated violations. This mechanism shall be circulated to the sector concerned.

Legal reference

Executive Council Decision No. (2C / 24/2009) on the Waste Regulations Tariff in the Emirate of Abu Dhabi.

Scope of Work

This mechanism applies to all vehicles / facilities operating in the field of waste transport and waste management licensed by the Abu Dhabi Center of Waste Management

Table of violation types and action taken

N	Violation type	Undertaking required	Action taken against violators	Correction requirements	Risk level
1	A vehicle practices the activity of waste transportation without sticker which identifies the waste	1	<ul style="list-style-type: none"> - First notice to the infringing facility - In case the situation is not corrected within 7 working days from the date of the first notice, the marking shall be on the vehicle account - Second notice to the infringing facility - If the situation is not corrected within 7 working days from the date of the second notice, the marking shall be made on the establishment's account 	<ul style="list-style-type: none"> - A statement that the violation will not be repeated - Sticker installation 	Low
2	A vehicle practices activity to transport waste type different that the permitted one	1	<ul style="list-style-type: none"> - First notice to the infringing facility - In case the situation is not corrected within 7 working days from the 	<ul style="list-style-type: none"> - Acknowledgment that the violation will not be repeated 	Low

			<ul style="list-style-type: none"> - date of the first notice, the marking shall be on the vehicle account - Second notice to the infringing facility - If the situation is not corrected within 7 working days from the date of the second notice, the marking shall be made on the establishment's account 		
3	A Company practices any of Tadweer's activities with expired permit – after 30 days	1	<ul style="list-style-type: none"> - First notice to the infringing facility - In case the situation is not corrected within 7 working days from the date of the first notice, the marking shall be on the vehicle account - Second notice to the infringing facility - If the situation is not corrected within 7 working days from the date of the second notice, the marking shall be made on the establishment's account 	<ul style="list-style-type: none"> - Acknowledgment that the violation will not be repeated - Permit renewal 	Low
4	Engagement of a vehicle belongs to a company registered with Tadweer for a waste transportation activity without vehicle's permit for this type of transported waste	1	<ul style="list-style-type: none"> - First notice to the infringing facility - In case the situation is not corrected within 7 working days from the date of the first notice, the marking shall be on the vehicle account - Second notice to the infringing facility - If the situation is not corrected within 7 working days from the date of the second notice, the marking shall be made on the establishment's account 	<ul style="list-style-type: none"> - Acknowledgment that the violation will not be repeated 	Low
5	scavenge scrap and waste materials from landfills without permit (scrap vehicles/ waste transporter)	1	<ul style="list-style-type: none"> - First notice to the infringing facility - In case the situation is not corrected within 7 working days from the date of the first notice, the marking shall be on the vehicle account - Second notice to the infringing facility - If the situation is not corrected within 7 working days from the date of the second notice, the marking shall be made on the establishment's 	<ul style="list-style-type: none"> - Acknowledgment that the violation will not be repeated 	Low

			account		
6	Overloading the allowable limit	1	<ul style="list-style-type: none"> - First notice to the infringing facility - In case the situation is not corrected within 7 working days from the date of the first notice, the marking shall be on the vehicle account - Second notice to the infringing facility - If the situation is not corrected within 7 working days from the date of the second notice, the marking shall be made on the establishment's account 	- Acknowledgment that the violation will not be repeated	Low
7	Not using cover (Turbal) for vehicles transport waste	1	<ul style="list-style-type: none"> - First notice to the infringing facility - In case the situation is not corrected within 7 working days from the date of the first notice, the marking shall be on the vehicle account - Second notice to the infringing facility - If the situation is not corrected within 7 working days from the date of the second notice, the marking shall be made on the establishment's account 	- Acknowledgment that the violation will not be repeated	Low
8	Transport waste without using the Electronic manifest	1	<ul style="list-style-type: none"> - First notice to the infringing facility - In case the situation is not corrected within 7 working days from the date of the first notice, the marking shall be on the vehicle account - Second notice to the infringing facility - If the situation is not corrected within 7 working days from the date of the second notice, the marking shall be made on the establishment's account 	- Acknowledgment that the violation will not be repeated	Low
9	Not obtaining food disposal permit from Tadweer	1	<ul style="list-style-type: none"> - First notice to the infringing facility - In case the situation is not corrected within 7 working days from the date of the first notice, the marking shall be on the vehicle account 	- Acknowledgment that the violation will not be repeated	Low

			<ul style="list-style-type: none"> - Second notice to the infringing facility - If the situation is not corrected within 7 working days from the date of the second notice, the marking shall be made on the establishment's account 		
10	Transport non-hazardous mixed waste	1	<ul style="list-style-type: none"> - First notice to the infringing facility - In case the situation is not corrected within 7 working days from the date of the first notice, the marking shall be on the vehicle account - Second notice to the infringing facility - If the situation is not corrected within 7 working days from the date of the second notice, the marking shall be made on the establishment's account 	<ul style="list-style-type: none"> - Acknowledgment that the violation will not be repeated - Double the higher fees 	Low
11	Transporting Green or Animal Waste mixed with non-organic waste	1	<ul style="list-style-type: none"> - First notice to the infringing facility - In case the situation is not corrected within 7 working days from the date of the first notice, the marking shall be on the vehicle account - Second notice to the infringing facility - If the situation is not corrected within 7 working days from the date of the second notice, the marking shall be made on the establishment's account 	<ul style="list-style-type: none"> - Acknowledgment that the violation will not be repeated - Double the higher fees 	Low
12	The noncompliance of the vehicles with the specifications, requirements, and standards of waste transport / skips transport	1	<ul style="list-style-type: none"> - First notice to the infringing facility - In case the situation is not corrected within 7 working days from the date of the first notice, the marking shall be on the vehicle account - Second notice to the infringing facility - If the situation is not corrected within 7 working days from the date of the second notice, the marking shall be made on the establishment's account 	<ul style="list-style-type: none"> - Acknowledgment that the violation will not be repeated 	Medium

13	Unauthorized entry to prohibited facilities.	1	<ul style="list-style-type: none"> - First notice to the infringing facility - In case the situation is not corrected within 7 working days from the date of the first notice, the marking shall be on the vehicle account - Second notice to the infringing facility - If the situation is not corrected within 7 working days from the date of the second notice, the marking shall be made on the establishment's account 	<ul style="list-style-type: none"> - Acknowledgment that the violation will not be repeated 	Medium
14	Engagement of a vehicle belongs to (unregistered Company / personal) for any of Tadweer's activities without permit or GPS	3	<ul style="list-style-type: none"> - Addressing the Department of Transport 	<ul style="list-style-type: none"> - Acknowledgment that the violation will not be repeated - Registering the vehicle or bring a contract with environmental service provider company for the same type of transported waste in the event it is affiliated with company 	Medium

1. Scope of Work

5.1 First Stage: Issuing Violations

5.2 Second Stage: Measures taken against violators

- The system will automatically notify the establishment with the following (first notice) the item of violation, vehicle data. In case the situation is not rectified within the time limit specified in the notice, the vehicle will be marked and the establishment will be notified (second and final notice
- In the event that the establishment does not rectify the situation within the time limit specified in the second final notice, the establishment's account will be marked.
- In some cases, government agencies such as (traffic department / municipality / Environment Authority / Abu Dhabi Sewerage Company) are contacted in order to check the account of the establishment and take the procedures according to the procedures followed by them and according to the joint cooperation between government agencies
- Determine the course of action necessary for each violation
- The tasks of correcting the situation and the assignee of each violation are determined, as the required undertaking is chosen according to the item of the violation

5.3 Third Stage: Correcting the situation of Violators

- The facility will check the details and data of the violation through the smart services portal
- The establishment sends the requirements to rectify the violation
- The facility approves the pledge electronically
- There are some items of violations require the removal of the effects of the situation

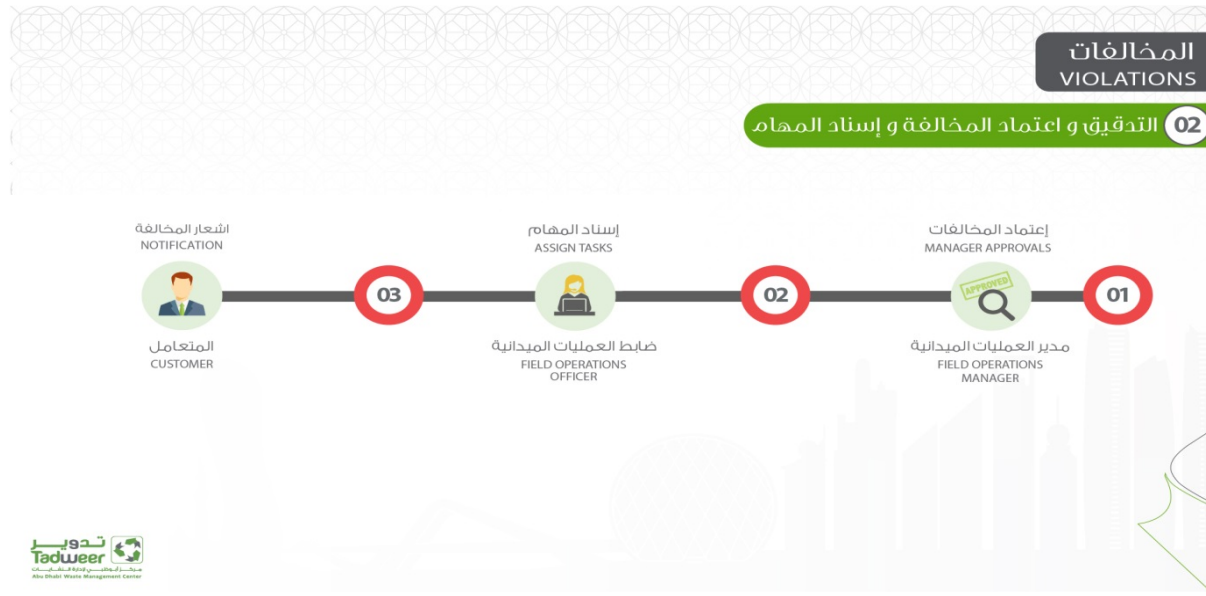

- The requirements of correcting the situation are received through the system. The establishment will be notified through the system in case of remarks/observations after reviewing the requirements of rectifying the situation.
- In the event that the requirements for correcting the conditions are completed, the status of the establishment will be rectified and the violation will be closed on the system within one working day
- In case there is a marking on the establishment's account from traffic department/Municipality/ Environmental agency/ADSSC/external agency , a letter will be prepared and sent to the concerned authority within two working days

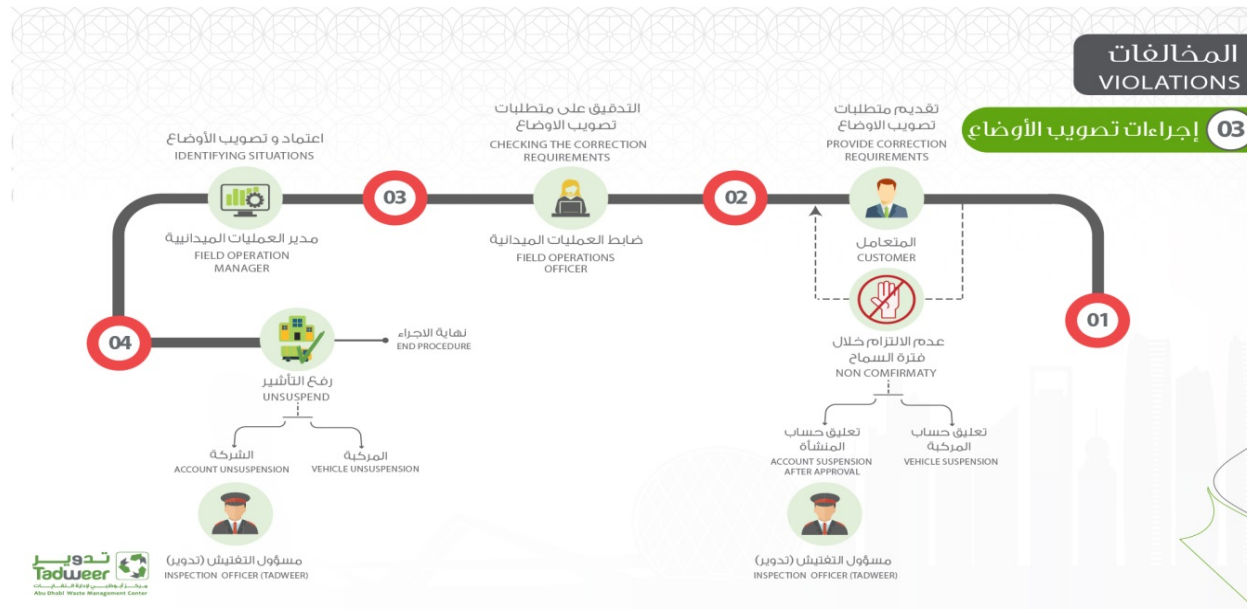

If the company repeats the same item of violation within less than four months from the date of the first violation, the measures listed in the schedule below will be taken.

Penalty Repetition Schedule (4months)

N	Items classification	The degree of risk	Second Time	Third Time	Fourth Time	More than Four times
1	Items (1 - 11)	Low	No penalty is applied	No penalty is applied	Suspend 3 days from the date of correcting the situation	Suspend 7 days from the date of correcting the situation
2	Items (12 – 21)	Medium	Suspend 3 days from the date of correcting the situation	Suspend 7 days from the date of correcting the situation	Suspend 14 days from the date of correcting the situation	Suspend one month from the date of correcting the situation
3	Items (22 - 62)	High	Suspend 7 days from the date of correcting the situation	Suspend 14 days from the date of correcting the situation	Suspend one month from the date of correcting the situation	Suspend 45 days from the date of correcting the situation

Mechanism of action - Illustration

Circular No. (8) for the year 2019

تعميم رقم (8) لسنة 2019

التاريخ: 2019/07/29م

Dear/ Environmental Service Providers
handling Waste in the Emirate of Abu Dhabi.

السادة/ مزودي الخدمات البيئية العاملين في مجال نقل
النفايات بإمارة أبوظبي

**Subject: Requiring Companies to abide and
avoid Recurrence of Violations**

الموضوع: إلزام الشركات بعدم تكرار المخالفات

Greetings ,,,

تحية طيبة وبعد ،،،

Reference to the above-mentioned subject, and based on the decision of the Executive Committee decision number C/24 for the year 2009, Kindly be informed that the mechanism requiring companies not to repeat violations will be implemented as of January 1st, 2020.

بالإشارة إلى الموضوع أعلاه، واستناداً إلى قرار اللجنة التنفيذية رقم 2 جـ / 24 لسنة 2009، نخطبكم علماً بأنه سوف يتم البدء بتطبيق آلية إلزام الشركات بعدم تكرار المخالفات، اعتباراً من الأول من يناير لعام 2020.

Hence, kindly refer to the mechanism that requires companies to avoid recurring violations. The mechanisms can be found on Tadweer website following the link below:

لذا يرجى التكرم بالإطلاع على آلية إلزام الشركات بعدم تكرار المخالفات على الموقع الإلكتروني التابع لتدوير www.tadweer.ae

www.tadweer.ae

Therefore, all concerned ESPs and WPs are required to comply with the above-mentioned instructions. Administrative penalties shall be applied against violators.

وعليه يتوجب على جميع مزودي الخدمات البيئية الالتزام بما ورد أعلاه تفادياً من اتخاذ الإجراءات الإدارية بحق المخالفين.
